AFRICAN LANGUAGES

AFR

Department of Linguistics and Germanic, Slavic, Asian and **African Languages** College of Arts and Letters

Elementary Swahili I

Fall. 4(4-1)

Speaking, reading, and writing Swahili, with emphasis on developing oral proficiency.

Elementary African Language I

Fall. 4(4-1)

African language at the elementary level. Speaking, reading, and writing, with emphasis on developing oral proficiency skills. Specific language varies.

Elementary Swahili II 102A

Spring. 4(4-1) P:NM: (AFR 101A) or approval of department.

Further work on speaking, reading, and writing Swahili, with continued emphasis on developing oral proficiency skills.

Elementary African Language II

Spring. 4(4-1) R: Approval of department. Further work on speaking, reading, and writing an African language, with continued emphasis on developing oral proficiency skills.

Beginning Individualized African Language I

Fall. 4(4-1) R: Approval of department. Individualized study of an African language at the elementary level. Speaking, reading, and writing, with emphasis on developing oral proficiency skills.

Beginning Individualized African Language II Spring. 4(4-1) R: Approval of department.

Further individualized work on speaking, reading, and writing an African language, with continued emphasis on developing oral proficiency skills.

Second Year Swahili I

Fall. 4(4-1) P:M: (AFR 102A)

Intermediate-level work on speaking, reading, and writing Swahili, with emphasis on developing oral proficiency skills.

Second Year African Language I

Fall. 4(4-1) R: Approval of department.

Intermediate-level work on speaking, reading, and writing an African language, with continued emphasis on developing oral proficiency skills.

Second-Year Swahili II Spring. 4(4-1) P:M: (AFR 201A)

Further intermediate-level work on speaking, reading, and writing Swahili, with continued emphasis on developing oral proficiency skills.

202B Second-Year African Language II

Spring. 4(4-1) R: Approval of department. Further intermediate-level work on speaking, reading, and writing an African language, with continued emphasis on developing oral proficiency skills.

Intermediate Individualized African Language I

Fall. 4(4-1) R: Approval of department. Intermediate-level individualized work on speaking, reading, and writing an African language, with emphasis on developing oral proficiency skills.

252 Intermediate Individualized African

Language II

Spring. 4(4-1) R: Approval of department. Further intermediate-level individualized work on speaking, reading, and writing an African language, with continued emphasis on developing oral proficiency skills.

Independent Study

Fall, Spring. 1 to 4 credits. A student may earn a maximum of 8 credits in all enrollments for this course. R: Approval of department.

Special projects arranged by an individual student and a faculty member in areas supplementing regular course offerings.

Advanced Swahili 450A

Fall, Spring. 1 to 5 credits. A student may earn a maximum of 20 credits in all enrollments for this course, P:NM: (AFR 202A)

Advanced study of Swahili. Speaking, reading, and writing, with emphasis on developing oral proficiency skills

Advanced African Language 450B

Fall, Spring. 1 to 5 credits. A student may earn a maximum of 24 credits in all enrollments for this course. R: Approval of department.

Advanced study of an African language. Speaking, reading, and writing, with emphasis on developing oral proficiency skills. Language varies.

Independent Study

Fall, Spring. 1 to 4 credits. A student may earn a maximum of 8 credits in all enrollments for this course. R: Not open to freshmen or sophomores. Approval of department

Special projects arranged by an individual student and a faculty member in areas supplementing reqular course offerings

AGRIBUSINESS MANAGEMENT

ABM

Department of Agricultural Economics College of Agriculture and **Natural Resources**

Decision-making in the Agri-Food

System Fall, Spring. 3(3-0) Interdepartmental with Food Industry Management. SA: FSM 200

Organization and operation of the agri-food system. Economic analysis of agri-food firms and consumers. Management functions and decision-making of agri-food firms

Farm Management I Fall. 3(4-0) SA: AEC 050

General farm management including record keeping, income tax management, farm finance, and operational management of agricultural resources.

Professional Seminar in Agribusiness Management

Spring. 1(1-0) P:M: (ABM 100 or concurrently or ABM 130 or concurrently) R: Open only to Agribusiness Management majors.

Industry trends in agribusiness management. Verbal, written, and visual communication techniques applied to professional situations, including professional development and career planning.

222 Agribusiness and Food Industry Sales (W)

Fall, Spring. 3(3-0) Interdepartmental with Food Industry Management. P:M: (ABM 100 or ABM 130 or EC 201 or EC 202) and completion of Tier I writing requirement. R: Open only to sophomores or juniors or seniors. SA: FSM 320

Selling processes and activities within agribusiness and food firms. Principles and techniques of sales. Operation of sales organizations.

225

Commodity Marketing I Fall. 3(3-0) P:M: (ABM 100 or concurrently or EC 201 or concurrently)

Commodity markets in the agri-food system. Analysis of supply, demand, and pricing alternatives. Agrifood marketing processes, including marketing cooperatives.

332 **Agribusiness Operations Management**

Fall. 3(3-0) P:M: (ABM 100)

The operational and tactical decisions of producers. wholesalers, retailers and service-related firms in agribusiness. Information systems usage. Analytical decision-making tools and techniques.

337 Labor and Personnel Management in the Agri-Food System

Fall. 3(3-0) Interdepartmental with Food Industry Management. P:M: (ABM 100 or ABM 130) R: Open only to juniors or seniors. SA: FSM 325

Human resource management principles for farms, agribusinesses and food firms: planning, recruiting, training, scheduling, motivating, supervising and evaluating. Labor regulations, compensation and records

400 Public Policy Issues in the Agri-Food

Spring. 3(3-0) Interdepartmental with Food Industry Management. P:M: (ABM 100 or EC 201 or EC 202) R: Open only to juniors or seniors. SA: FSM 421

Objectives, alternatives and consequences of public policy in the agri-food system. Analysis of economic implications for food and agribusiness firms, farmers, consumers and society.

405 **Corporate Environmental Management**

Fall. 3(3-0) Interdepartmental with Public Resource Management. Administered by Department of Agricultural Economics. P:M: (PRM 255 or ABM 332 or MGT 315 or MGT

Integration of environmental protection and pollution prevention with business management. Economic and strategic analysis of environmental protection.

Advanced Professional Seminar in 410 **Agribusiness Management** Fall. 1(1-0) P:M: (ABM 210) R: Open only to

Agribusiness Management juniors or seniors.

Advanced professional problems and reestablishment of career planning in the Agri-Food system. Industry trends, career alternatives, and job search strategies. Enhanced verbal, written and visual communication techniques.

Agribusiness Management-ABM

422 Vertical Coordination in the Agri-Food

System
Fall. 3(3-0) Interdepartmental with Food Industry Management. P:M: (ABM 100 and EC 201) R: Open only to juniors or seniors. SA: FSM 443

Analysis of vertical coordination in the industrialized agri-food system. Agricultural cooperatives, contracts, marketing orders, and trade associations. Analysis of imperfect competition and methods of conducting business. Interaction with legal systems and government.

Commodity Marketing II Fall. 3(3-0) P:M: (ABM 225) SA: FSM 441 425

Advanced application of supply, space demand and prices in commodity markets. Futures and options and their role in forward pricing. Risk management. Agricultural and food markets.

Global Agri-Food Industries and Markets Fall. 3(3-0) Interdepartmental with Food In-427 dustry Management. P:M: (FIM 220 or ABM 225)

Strategic understanding of the international agri-food system. Analysis of global production, marketing, and consumption. Knowledge of changing conditions in international industries and markets. Global trends and opportunities.

Farm Management II

Fall. 3(4-0) P:M: (ABM 130) R: Open only to juniors or seniors. SA: FSM 330

Advanced management, planning, and control of farm production, marketing, financial activities, economic principles, budgeting and financial state-

435 Financial Management in the Agri-Food **System** Spring. 3(3-0) P:NM: (ACC 201 or ACC 230)

and (ABM 130 or ABM 100 or EC 201 or EC 202) R: Open only to juniors or seniors. SA: FSM 412

Analysis of agricultural business performance using financial statements. Capital budgeting of durable investments. Risk. Alternative methods to control capital asset services. Financial markets and credit institutions affecting agriculture and food.

Agribusiness Strategic Management (W) Spring. 3(4-0) P:M: (ABM 332 or ABM 430) and completion of Tier I writing requirement. R: Open only to juniors or seniors. SA: FSM 429

Analysis of strategic management issues for agribusiness. Formulation of business strategy and solutions to strategic problems. Integration of operations, marketing, finance and human resource management.

490 **Independent Study in Agribusiness** Management

Fall, Spring, Summer. 1 to 6 credits. A student may earn a maximum of 6 credits in all enrollments for this course. P:M: (ABM 100) R: Open only to sophomores or juniors or seniors in the Agribusiness Management major. Approval of department: application required. Students are limited to a combined total of 6 credits in ABM 490 and FIM 490. SA: FSM 490

Independent supervised study of topics in agribusiness management.

493 **Professional Internship in Agribusiness**

Management Fall, Spring, Summer. 1 to 3 credits. A student may earn a maximum of 6 credits in all enrollments for this course. P:M: (ABM 100) R: Open only to juniors or seniors in the Agribusiness Management major. Approval of department: application required. A student may earn a maximum of 6 credits in all enrollments for any or all of these courses: ABM 493, ANR 493, AEE 493, ANS 493, CSS, 493, FIM 493, FW 493, HRT 493, PKG 493, PRR 493, PRM 493, and RD 493

AEC

Supervised professional experience in agribusiness

AGRICULTURAL ECONOMICS

Natural Resources

Department of Agricultural Economics College of Agriculture and

Foundations of Agricultural Economics Fall. 3(3-0)

Concepts of agricultural economics drawn from economic and management theory. Applications to economic decisions and policy issues related to agricultural, food, and natural resource firms, markets, and institutions.

Mathematical Applications in Agricultural Economics Fall. 1(1-0) C: AEC 800 concurrently.

Basic mathematical tools for use in agricultural economics applications.

Institutional and Behavioral Economics Fall. 3(3-0) Interdepartmental with Economics; Resource Development.

Relationships among institutions, individual and collective actions, and economic performance. Public choice, property rights, and behavioral theories of firms and bureaucracies.

and (EC 809 or EC 813A)

Concepts of policy analysis and decision. Agricultural sector problems, behavior, and policy in the development process. Macroeconomic and trade impacts. International policies affecting trade and development. Current policy issues.

820 **Econometrics I**

Spring. 3(3-0) Interdepartmental with Economics; Statistics and Probability. Administered by Department of Economics. P:NM: (EC 801 and STT 430)

The single equation regression model. Properties of least-squares estimators under various specifications. Multicollinearity, generalized least-squares, errors in variables, seemingly unrelated regressions. Identification and estimation in simultaneous equations models

822 Econometrics III

Spring. 3(3-0) Interdepartmental with Economics; Statistics and Probability. Administered by Department of Economics. P:NM: (EC 820 and STT 442)

Dynamic models and time series data. ARMA models. ARCH models. Unit roots, cointegration and error correction. Rational expectations models.

The Economics of Environmental Resources

Fall. 3(3-0) Interdepartmental with Economics; Forestry; Park, Recreation and Tourism Resources; Resource Development.

Economic principles related to environmental conflicts and public policy alternatives. Applications to water quality, land use, conservation, development, and global environmental issues.

831 **Food Marketing Management**

Spring. 3(3-0) Interdepartmental with Marketing and Supply Chain Management. Administered by Department of Marketing and Supply Chain Management. P:NM: (MBA 820 or MSC 805) SA: ML 831, MTA 831

Marketing management decisions in food firms. Consumer orientation, computer technologies, food system cost reduction, global opportunities, environmental and social issues.

832 **Environmental and Natural Resource** Law

Fall. 3(3-0) Interdepartmental with source Development; Crop and Soil Sciences; Forestry; Geography. Administered by Department of Resource Development. P:NM: (RD 430)

Origin and development of environmental law. Theories of power, jurisdiction, sovereignty, property interests, pollution, and other bases for legal controls of natural resources. Common law and constitutional limitations on governmental power.

835 Introductory Econometrics

Spring. 3(3-0) P:NM: (STT 430)

Estimation and interpretation of multiple regression models and their modifications when usual assumptions are not valid. Applications focus on problems faced by agricultural economists.

Land Use Law

Spring. 3(3-0) Interdepartmental with Resource Development; Forestry; Urban Planning. Administered by Department of Resource Development. P:NM: (RD 430) SA: RD 834

Public and private land use controls in the U.S. Civil rights, housing, energy problems, growth management, waste management, and land conservation. Cases, statutes and other regulations.

Applied Operations Research

Fall. 3(3-0) P:NM: (EC 801) SA: AEC 891B Linear and nonlinear programming, spatial equilibrium models, and risk programming. Applications in agribusiness management and in agricultural, environmental, and natural resource economics.
